KINGSUN LED Benefits

- Superior light quality.
- 80% lumen maintenance after 60,000 hours.
- Up to 95+ lm/w @ 700mA drive current.
- Significant energy savings.
- No hazardous substances.
- IP66 rated to withstand dust and moisture.
- Polycarbonate lens kits.
- 5 years warranty.
- Various light distribution available.

Widely used in gas station, parking garage, warehouse, tunnel, factory, campus

Proven Brilliance

Artemis Family:

Features and Benefits:

- Sufficient optical system options with symmetrical light distribution.
- Modular design, 14 LEDs each module, and the modules are upgradeable, replaceable modules.
- Sufficient wattages and lumen output @700mA each module. The maximum number of modules is 10, and the maximum wattage is 300W as a nominal value.
- Top quality LED light source and LED electronic driver.
- Worldwide safety, eco-friendly and photometrics standard compliant.
- Shorter payback period based on most competitive cost ownership and operating cost.

Ceiling-mount bracket

14 LEDs per module, maximum 10 modules.
Replaceable & upgradeable modules.

Polycarbonate lens kits
Symmetrical lens options

Control drivers at both end caps

Multiple Dimming Options

0-10V Dimming for Energy Saving

DALI for remote monitoring and reporting and networking

Integrated Dynadim for hassle free, wireless dimming

AOC, Thermal Protection and CLO

AOC- enables the OEM to adjust the Imns and Im/W and Im/\$ based on application and requirement

NTC-Enables the OEM to monitor and maintain warranty

CLO enables for L9950khrs and over all energy savings

Diagnostics and Add-On Control-Ready

Enables the OEM/end user/utilities to access all the lamp parameters, failure data and power consumption info

System Warranty and Reliability

One stop,
5 year
Driver+ Module
system warranty
with 50khrs
With <0.01% failure rate

Surface Mount LED Canopy Light

BY2G4 series - Artemis Family

Dimensional drawing

Optical Specs:

LED Color Temperature	5000K (Options: 4000K and 3000K)
Color Rendering Index	Ra>70 (Options: Ra=75, Ra=80)
Light Distribution & LENS Kit Options	S1S112 (95°H x 85° V, low bay) S5W112 (150°, Parking Garage) S1M111 (150° H x 90° V, low bay) S5M111(75°, high bay) S5N112(20°, high bay)
Operating Temperature & Humidity	-40℃ ~50℃/10~95RH
Classification	IP66, Class I.
L70 hours @ 25℃	100,000

Light Distribution Curve

Electrical & other general Specs

Input	120~200~240~277V 50/60Hz (Option: 347~480V 50/60Hz)
Power Factor	>0.95
Drive Current	700mA (Options: 350mA, 525mA)

Material

Origin of LED Light Source	CREE or Lumileds
Origin of LED Driver(s)	Philips
Housing	Die cast aluminium
Heatsink	Extruded aluminium
Optics lens	Polycarbonate plastic

LED Canopy Lights for Church in Canada

Guatemala, South America

Osaka, Japan

Pendant Mount LED Canopy Light
